Sprint 3 Report

Product name: Pro Study

Team Member: Daniel F Martinez(PO)

Jingfei Qin

Weikai Wu(SM)

Jinying Wu

Date: November/22/2016

Actions to stop doing :

- The team must stop getting distracted by using their phone during work sessions

Actions to start doing:

- Since some Team-members already have the idea of how to materialize the design of the application in regards to technical aspects such as databases and frameworks, the other team-members should start focusing on the documentation of the project to be presented.

Actions to keep doing:

- The team must keep a positive attitude in order to get things done faster

Work Done:

- Timer

- Pie Chart

Work Not Done:

●Google/Facebook login

Work Completion Rate:

- Total number of user stories completed: 3

- Total number of estimated ideal work hours completed: 40 hrs

- Total number of days: 14 days
